

MEMORANDUM FOR MR. MILLIKAN

SUBJECT Liaison with Advisory Board for
International Development

Mr. Jackson's office (Mrs. Balish) advised that the request of Col. Edward's recommended in the last paragraph of Col. Muller's memo to Mr. Kirkpatrick--that a background report of Mr. [REDACTED] be provided--was a responsibility of this office. I made the request of Col. Edwards in his office at 0930 Saturday. He called back shortly that [REDACTED] everything in this file was favorable. Col. Edwards added that [REDACTED] probably was an applicant for or was being considered by another Agency since FBI had recently [REDACTED] on him. Col. Edwards thought that a full Bureau investigation would be available in a month or so and will not proceed further unless we again request.
